UTILITIES COMMISSION

July 13, 2015

VIA HAND DELIVERY

Jean D. Jewell, Secretary
Idaho Public Utilities Commission
472 West Washington Street
Boise, Idaho 83702

Re: Case No. IPC-E-09-35
Micron Technology, Inc.'s Special Contract – Contract Demand Level
Decrease

Dear Ms. Jewell:

Enclosed for your reference and file is a copy of a Letter Agreement between Idaho Power Company ("Idaho Power") and Micron Technology, Inc. ("Micron") wherein the parties have agreed to a decrease in Micron's Contract Demand Level pursuant to the Agreement for Electric Service between Idaho Power Company and Micron Technology, Inc., that was previously approved by the Idaho Public Utilities Commission ("Commission") in Order No. 31006. Idaho Power is submitting this Letter Agreement to be included as part of the Commission's file in Case No. IPC-E-09-35, but is not requesting that the Commission take any action.

If you have any questions about the enclosed Letter Agreement, please do not hesitate to contact me.

Very truly yours,

Julia A. Hilton

Re: Micron Technology, Inc., Contract Demand Level Decrease

Dear Ms. Elroy:

I am in receipt of your letter of June 22, 2015, wherein Micron Technology, Inc. ("Micron") has requested a decrease to its monthly Contract Demand from 62 megawatts ("MW") to 54 MW effective as of October 1, 2015. Idaho Power Company ("Idaho Power") is pleased to accommodate this request pursuant to the Agreement for Electric Service between Idaho Power Company and Micron Technology, Inc., dated December 29, 2009 ("Agreement").

The Agreement provides that Micron may request a decrease to its Contract Demand in even 1,000 kilowatt increments. Agreement § 6.2(b). The Agreement further provides that such new Contract Demand shall be in effect for a minimum of at least six (6) months. *Id.*

Per your request, Micron's new Contract Demand under the Agreement shall be 54 MW effective October 1, 2015, and shall continue until at least April 1, 2016. Idaho Power shall continue to provide a Contract Demand of 54 MW to Micron after October 1, 2015, unless and until Micron provides notice that it desires to decrease and/or increase its Contract Demand in accordance with the Agreement. See Sections 6.2(a) and 6.2(b).

To confirm this mutual understanding, please have an authorized individual from Micron countersign both originals of this letter, keep one original for your records, and return the other original to me at your earliest convenience. As a procedural matter, we

will need to submit a copy of this letter to the Idaho Public Utilities Commission as an informational submission, which will not require any formal process. Please call me at (208) 388-6117 if you have any questions.

Very truly yours,

Julia A. Hilton
